

GOLFMYTH TABLE OF CONTENTS

08/08/08

The organization of this Book is primarily by 'Book, Chapter and Section' rather than by Page since in the future there may be 'Appendices or Updates' that will change the pagination but not the 'Book, Chapter and Section'. Thus the numbers 'A-9-3' is the 'Book, Chapter, Section Key' and not the page. If this were an actual location from your 'INDEX', the information is in 'Book A', 'Chapter 9' and 'Section 3.' Just looking ahead as good pilots and golfers must to keep ahead of the ever-unfolding situation! "If you do not run your 'Life or Business', it shall run you!" Herein, the special 'Airline Format Check List Pages' and 'Key Pages' are marked [PAGE] for your convenience. You will find these special items to be very useful. They are the 'Digested Down Gut Stuff'!
