**'PERFORMANCE EXCELLENCE'**

## **COMPOUNDING ERRORS**

If you are not 'Set-Up' for 'YOU', the invitation for errors has been sent out! 'YOU' are a recipient on the VIP list'!

Why does your '555 Team' say "Set-Up For YOU"? Because we are all slightly or more different than our 'Fellow Travelers'. We must be 'Personally Efficient and Sufficient'. There are no two humans exactly the same. So, 'The Golf My Way' is surely problematic. How do we know that to be true? Over 4 decades of proving it so!

Our conclusion? The 'Cookie Cutter Method' does not work! That is why this writer is NOT a fan of 'Video Analysis' combined with 'Modeling'. We prefer 'Video Analysis' based on Newtonian science! It never lets you down in the heat of battle.

To the title!

If you have a 'Set-Up Error' ('Passive - Static'), it will manifest and show up in your 'Ball Flight' outcome. We must attack this issue with a 'Cause & Effect Mentality & Process'.

If you have two 'Set-Up Errors', they will seldom cancel each other out. They will tend to 'Compound' and make things worse!

The purpose of this scenario is to keep us thinking smart. We must fix things 'On The Fly' ... meaning that we do not put it off until tomorrow. We fix issue one at a time ... promptly!

Let's not wait around and pray for 'Get Lucky' golf events to happen.

Let's make good things happen!
