'PERFORMANCE EXCELLENCE'

DON'T BE A GUESSER

It will stink up the place!

One should never guess at items which accomplish 'Tempo, Timing and Rhythm'! When we degrade our full body cooperation, we shall be punished!

Your 'Little "&" Word' does NOT create the 'Top Of Back Swing' ('TOB').

The 'Top Of Back Swing' creates the 'Little "&" Word'.

"What is the difference?" you ask.

'Big Difference!'

If your primary focus is in saying the "&" word, you can do that anywhere and anytime. In fact, your 'Little & Word' can get long and then equally useless! Say your "&" starting at your 'Take-Away' and see how well you manage your 'Tempo, Timing & Rhythm'. "YUK!" "Butt Ugly!"

Your primary focus must be getting to the 'Top Of Your Pre-Selected Back & Up Swing'. It may Not be a 'Full Swing'. If not, it is 'Less Than Full'. (see 'Inching & Body Clocking') That is where you say your really deliberate "&". It is precise, succinct and effective.

At this point, your 'Conscious Word' assists directly in your 'Transition', which tends to be tricky. Getting dedicated with this technique is a magic gift that you must earn by being **'Work Smart'**. You knew that, right?

Now, make no mistake, that 'Little "&" Word' is a 'Big Deal'!

Enjoy!
