

# **555 Faults & Fixes**

## **‘PERFORMANCE EXCELLENCE’**

### **ARMED WITH THE TOOLS**

Your ‘555 Team’ approach to **‘Faults & Fixes’** is both very simple and highly predictable. Those are both good things in ‘Golf’ and ‘Life’!

You know that we strive to understand ‘Scientific Realities’ such as **‘The Physics Of Rotation’** and **‘The Geometry Of The Circle’**. This material always applies.

There are aspects and elements that are ‘Consistent’ to every swing universally. **‘The 555 System’** includes a very comprehensive application and foundation of these.

Whenever we come up against a ‘Fault’, the ‘Fix’ relies upon our knowledge of **‘The 5 SET-UPS’**, **‘The 5 ESSENTIAL ELEMENTS’** and **‘The Five 555 CONCEPTS’** which we call the **‘Problem Solvers’**. Sounds like these three groups of five might be worthwhile noting as we get into yet another ‘Faults & Fixes’. Here they are!

#### **‘The 5 SET-UPS’ ...**

**1)** ‘Posture’, **2)** ‘Grip’, **3)** ‘Stance’, **4)** ‘Ball Location’ and **5)** ‘Alignment’.

#### **‘The 5 ESSENTIAL ELEMENTS’ ...**

**1)** ‘Clubface AIM’, **2)** ‘Clubhead PATH’, **3)** ‘Clubhead SPEED’, **4)** ‘Sweet Spot’ and **5)** ‘Angle Of Attack’.

#### **‘The FIVE 555 PROBLEM SOLVING CONCEPTS’ ...**

**1)** ‘The Golfing Machine Concept’, **2)** ‘The Tether Ball Pole Concept’, **3)** ‘The Balsa Airplane Concept’, **4)** ‘The Human Ratchet Set Concept’ and **5)** ‘The Dead Rope Concept’.

Equipped with these **‘Three Groups Of Five’**, we can tackle any **‘Mechanical Golf Issue’** that arises in a logical and realistic manner. **‘Faults & Fixes’** will become second nature.

**“Welcome Aboard!”**

**“Enjoy The Ride!”**

## **EQUIPMENT ISSUES**

### **‘Straight From The Hip!’**

A ‘Player’ could hit a ‘Golf Ball’ a country mile (‘Slightly Longer Than A City Mile Due To Cleaner Air’) with a tomato can wired to a broom stick!

Your ‘555 TEAM’ often teaches seniors and women with very light ‘Shafts’ and shorter ‘Club Lengths’. One can simply make minor adjustments and still strike the ‘Golf Ball’ really soundly.

### **‘The Swing’s The Thing!’**

It truly is ‘More The Indian Than The Bow & Arrow’!

### **THIS HAVING BEEN SAID**

No one should play this ‘Game’ with any disadvantage that can be overcome. Thus, every one should really play this game with **‘Custom-Fitted Golf Clubs’**. ‘Too Small A Grip Size’ and ‘Too Stiff A Shaft Flex’ are pandemic problems. ‘Length, Loft and Lie’ are secondary in order of importance.

**“Too Expensive!”**, you say. “Besides, I’m just starting! What difference will it make?”

I hear you talking. Custom-Fitted ‘Name Brand Clubs’ are expensive whether fitted or not. There are, however, numerous ‘Custom-Builders’ in every region. They can and will tend to your personal needs as a matter of daily service.

The difference this will make may not be known to you right away, but the benefit will affect your performance. Custom-fitted club, with sorted heads, shafts and grips, will be more ‘Consistent’. That is a good thing! The other very tangible and beneficial aspect, that you will experience, is the increased trust that you will have knowing your clubs are custom-fitted.

Having ‘Certified Master Club Builders’ on staff has proven this worth to us for years.

### **‘SATISFACTION GUARANTEED’**
