**'PERFORMANCE EXCELLENCE'**

## **FIRST THINGS FIRST**

Our absolute 'Golf Imperative' is to have FUN.

The second 'Golf Imperative' is to make 'Solid Contact' every time you make a deliberate pass 'Through' the ball. Your 'Clubhead Sweet Spot Must Momentarily Get Connect Directly To The Ballistic Point Of The Ball'. ("How long is the ball on the clubface?" 0.0005 second!)

There is no point fussing about the 'Slice or Hook', or any other 'Ball Striking Challenge', until you can make dependable contact and make the ball go away ... every time you step up to 'Impact Fix'. Our '5 Set-Ups' combined with our '5 Essential Elements' are your key to success.

Remember, the 'Golf Strike' is simply 'Eye Hand Coordination'. You shall be well-served by starting 'Small', on your 'Short Game Skills' and working up. The small stroke procedures have all the big procedure ingredients! (see "I Drive As I Putt" – It is absolutely true!)

Your '555 Natural Progression Of The Golf Swing ... a new paradigm' will provide you 'The Foundational Magic' that will make you more predictably efficient and happier.

Once you can accomplish that task, you can then continue to refine your 'Components & Procedures' which lead directly to 'Ball Flight Control' with lower scores, and more 'FUN'.

Your '555 Team' is here to help whenever you are ready.
