'PERFORMANCE EXCELLENCE'

HOW DO WE GET OUR SWING STARTED?

'The 555 Teams' refers to this as "Triggering" ... numerous varieties.

Without a long mechanical song and dance right now, let me tell you what is 'Bullet Proof'.

Can you 'Putt'?

If so, all you have to do is start your 'Driver' or any other club 'Take Away' in exactly the same manner that you start your 'Putting Stroke'. Unlike your 'Stage 1 Putting and Chipping Stroke Procedure', the 'Stage 3 Driver Procedure' involves 'Wrist Cock - Pivot Load Coil & Release'. The 'Brace or Hitting Hand' ('The Motive Control Force') winds up the 'Lower Body Machine' so it can produce 'Work' in the 'Down Out Forward & Through' swing sequences. (see 'The Balsa Airplane Concept'. We wind up the 'Rubber Band Motor' with the tip of the propeller. We wind up the 'Human Body Rotary or Round & Round Motor' with the 'Brace Hand'.)

Keep It Stupid Simple!

"A Chip Is A Putt With A Hop!"

"I Drive As I Putt!"

There is science fully supporting this 'Work Smart' approach.

"Enjoy The Ride!"
