'PERFORMANCE EXCELLENCE'

LET'S KEEP IT REAL

Practical and Honest

Anyone can procure a fancy, new, high-tech 'Driver' or 'Putter'. It is simply a matter of research, choice and money! **You cannot buy a swing or a game!**

One of those 'Miracle Tools' costs about \$350.00 to \$250.00 today. How much promotional baloney has each one of us swallowed? Have we bought into the hype and hollow promises? How much can a new 'Driver or Putter' really guarantee? You shall spend and perhaps waste \$350.00 to discover the answer.

Golfer's garages and storage shed are full of whimpering and cast aside golf clubs ... more 'Drivers and Putters' than any other sticks!

So often we fall in love with a 'New Club' and the opportunity it has promoted as making available to us. **Beware Of 'The 45 Day Love Affair'!**

'Sound Knowledge & Practical Experience' improves our golf and daily lives in general.

Managing your risk in golf is a practical necessity. Blowing \$350.00 on a new club is very high risk and often an embarrassment! Craig's List and e-Bay are full of these cast-offs!

Joining the 'Club House Membership' is zero risk with loads of **FREE** benefits!

Becoming a 'Locker Room Member' is far less than the cost of a Starbucks per week! What would it be worth for you to have your very own '**Golf Pro On Retainer**' ... '**Live Support**'?

The '555 Inner Circle' is a special place where 'Players' hang out and share valuable information! We can learn from our fellow ball bangers and warriors ... a special group!
