'PERFORMANCE EXCELLENCE'

GOLF MILES PER GALLON

Stand proud you noble swingers of clubs
and losers of balls!

A recent study found that the average golfer
walks about 900 miles a year.

Another study found that golfers drink, on
average, 22 gallons of alcohol a year.

This means that, on average, golfers get about
41 miles to the gallon!

Kind of makes you proud
and
almost makes you feel like a **'hybrid'**
