

One Minute GOLF TIPS

'WHERE PASSION MEETS PERFORMANCE'

DOING A ROUND IN THE LIVING ROOM

The object of this 'One Minute Golf Tip' is to 'Improve Your Game' quickly and easily.

'Or Bedroom' is OK too! You need the proper 'Tools' and some 'Balls' too! The carpet must be firm and short pile.

Here is the 'Drill'. It is designed to improve your 'Putting Stroke' and can be of benefit to your '**Chipping Stage One Stroke**' as well. You know a 'Chip Is Just A Putt With A Different Tool'. This is a 'Eye-Hand Coordination Drill' too. Take the '**Ink Spots**' 'Down The Line' (DTL) drills.

Take 5 quality playing balls. Place them at about six feet from a chair leg or some precise target. One of the six balls will do. Use your 'Putter' to start then transition to a #8 Iron. Start with your Brace Hand First. This is a '**Brace Index Finger X Drill**'. 'Push The Ball' DTL and get it to stop, just touching the Target Ball. So this is a 'Distance and Direction Drill'. Then change Hands. Let your Target Lever 'Swing or Pendulum' rather than 'Thrust' as your 'Brace Hand' can do.

Make sure you '**See The Ball Come Off The Clubface**' and '**Feel Your Precise Target**'.

The key ingredient here is to apply your 'Learned Practice Skills' to the real game!

Practise and Play well!
