'WHERE PASSION MEETS PERFORMANCE'

ARE WE SWINGERS OR HITTERS?

The object of this 'One Minute Golf Tip' is to 'Improve Your Game' quickly and easily.

You know the old question. **"Are you a Swinger or a Hitter?"** Well the answer is easily at hand! The '555 Golf Academy Team' believes we are all 'Swinging Hitters' just with varying degrees of each attribute. All 'Clubheads' must employ a 'Swinging Motion' and in the 'Bottom Half Of The Swing Circle', in the 'IMPACT and SEPARATION Zone', there must be some 'HIT'.

I think the primary distinction between 'Swinging Swingers and Swinging Hitters' is the degree of 'Cluhead LAG' or 'Delayed Wrist Cock Release' that is utilized or applied. The 'Hitters' 'Turn Early and Hit Late'. The 'Swingers' 'Turn Early and Hit Or Release The Wrist Cock Earlier'. The 'Swinger' may not employ as much 'Wrist Cock' as may the 'Hitter' either. Sergio Garcia is an example of a very 'Delayed Wrist Cock Release' with a very acute angle. He is a big-time 'Hitter'!

Whatever the 'Characteristic', both these 'Procedures' require that the 'MOTIVE FORCE' emanates **'FROM THE GROUND UP' and 'FROM THE INSIDE OUT'**. The 'Brace Foot Braces'. The 'Brace Leg Drives'. The 'Rotating Hips Provide Propulsion'. The 'Lever Assemblies or Upper Body Machine' is 'Pulled or Dragged Through The IMPACT and SEPARATION Zone'. The 'Brace Hand Delivers the Blow', certainly with all 'Hitters'. We are all that!
