

One Minute GOLF TIPS

'WHERE PASSION MEETS PERFORMANCE'

MORE SEE THE BALL

The object of this 'One Minute Golf Tip' is to 'Improve Your Game' quickly and easily.

We know we must '**See The Ball Come Off The Clubface**' but how and when? Is there a technique? YES! This might all seem a touch overkill or even arrogant. After all, we have all been seeing for our entire lives! Do we now need to be told how? Perhaps!

Bear with me for just a moment. This may be an 'Enlightening Moment'. You know the one when the '**Better Idea Light**' goes on! It has come on for about 75% of my students over a thirty-year period!

'Set-Up' properly to make a great #5 Iron shot. Tell me when you are ready! Now tell me precisely where you are looking and that had better be at the Ball. Where are your 'Eyes' focused? Most people answer, "**At The Numbers On The Top Of The Ball**" or "**At The 12 o'clock Position**". I know it to be true because I was there looking at their 'Eyes' when I asked the question. You see, good teachers generally have the answers before they ask the question.

If you are looking at the 'Numbers' your 'Eyes' are going to lead your 'Hands' right back to the spot! Where does the 'Sweet Spot Of The Clubface' strike the '**Butt Of The Ball**'? On the '**Bottom Inside Cheek From The Inside Out**'! In the way of the 'Clubhead PATH'.

Good old 'Eye-Hand Coordination' again and always!

If you want to 'Kick Its Butt, You Had Better Be Looking At Its Pants'!

Play well!

"Welcome Aboard!"
"Enjoy The Ride!"
