'WHERE PASSION MEETS PERFORMANCE'

ALL PAR 3's

Every golf hole, regardless of its classification as to being a 'PAR 3, Par 4 or a PAR 5' are all just combinations of PAR 3's! Just the simplest form of **'Course Management'**!

I know I have you thinking! **"How can a PAR 5 be a PAR 3?"**

Well, a PAR 3 is just an attempt at a **'1 Hole In One'** ... one strike into the jar! Agreed?

A PAR 4 is really just **'2 Hole In Ones'**. You make the **'Shot Off The Tee Box'** absolutely 'Dead Stick or Quarter' ('Place A Flag At 250 Out and Hit It'). Then accomplish your carefully designed 'Pre Shot Routine' ('PSR') and do it again! Make your **'Approach Shot'** 'Dead Stick'! That is two 'Hole In Ones'! Right?

So, your PAR 5 is logically **'3 Hole In Ones'**!

Now the title of this 'One Minute Golf Tip' makes sense after all, doesn't it?

'A Round Of Golf ... 18 Holes' is just made up of **'A Bunch Of Hole In Ones'**! We are just 'Connecting The A To B Dots' as your '555 TEAM' so often puts it.

A round is '36 Hole In Ones' to be precise!

How is that for **'An Optimal or Perfect Day On The Links'**? Elevate your chemistry!

Shooting a 36 on a PAR 72!

It's PERFECTLY Possible!
