

One Minute Golf Tips

'WHERE PASSION MEETS PERFORMANCE'

THEN, PAINT THE PICTURE

Before we endeavour to undertake and accomplish any 'Physical Feat', we must first 'Conceptualize and Intellectualize The Process'. We must 'Visualize' the event in our minds before we can effectively 'Actualize' the 'Pre-Selected Motions'.

Put another way, we are best served to produce a 'Mind Picture' before we attempt to actually 'Put A Brush To The Canvass'. Once we are 'Mentally Prepared', the magic shall just ooze and flow outwardly. We can deliver an art-form rather than a collage of wistful and undefined smears and smudges.

'Golf' is about **'Whacking A Little White Ball DEAD STICK'** or at precise targets. That is the **ONLY** we score well consistently!

**Short Cuts Ultimately Do Not Work!
They Just Come Up Short!**

'Visualize The Desired Ball Flight. Produce a Mental Image. Then Paint The Picture'!

Play Well!

**"Welcome Aboard!"
"Enjoy The Ride!"**
