

One Minute GOLF TIPS

'WHERE PASSION MEETS PERFORMANCE'

PRACTISE ON A PAR 3

The object of this 'One Minute Golf Tip' is to 'Improve Your Game' quickly and easily.

Many high handicappers or hackers, who love the 'Game', do not break the **'100 Barrier'** mostly because they are weak in their **'Short Games'** and thus do not develop either the necessary skills to score or to 'Play In The Trusting Mode'. **Remember 75% of all your carded strokes take place inside your 'Full Swing Pitching Wedge'**. This is the 'Short Game'. Any time 75% of anything good comes from one place, you had better know precisely where 'Grandma's House' is located!

You must learn how to control the **'Distance'** you strike every short iron in your bag. (see 'Inching & Body Clocking') You must have the ability to make shots to any and all specific distances inside your 'Full Swing #PW'! You must earn the skills of 'Putting, Chipping, Bump & Run, Bunker Shots, Side-Hill, Up Hill and Down-Hill Lies, Deep Grass Shots and Pitching'. Until you do, you will pay the higher prices and likely buy drinks and food at the 19th Hole! No! Not just likely ... You shall!

You must learn how to make **'Stage One and Stage Two Procedures'** as well as you know how to breathe. **'Components and Procedures'** must become second nature or subconscious. You must develop **'Check Lists and Routines'** that can be relied upon in the 'Heat Of Battle'. When you can 'Score From Anywhere Inside Your Full Swing Pitching Wedge' you can 'PLAY'!

'Think Positive And Play With Managed Courage'.

Play well!
