'PERFORMANCE EXCELLENCE'

PERFECT PRACTICE MAKES PERMANENT

This is similar to your 555 Team's 'Practise With A Plan'.

Why would you ever want to work on swing flaws or things that are 'Neutral Beneficial' ... worse still, things that do NOT work? You can get deeper into that 'Golf Vortex'! We must always 'Work Smart'.

If you just go out and hit balls for hours, you shall waste money while thinking you are improving. You will likely fortify bad habits and increase your 'Frustration Quotient'. All this is so counterproductive and adds mass and velocity to that avalanche of avoidable misery!

What is the point of 'Willey Nilley Practice'? It is just go nowhere golf masturbation!

The primary advantage '555 Golf' provides is a 'System' ... something you can actually work on with deliberate 'Quantitative and Qualitative Analysis'. Remember our 'Put A 555 Pro On Retainer Plan'? That is a terrific process that separates us from our competitors. Who anywhere is offering YOU 'Live Support'. Have a problem? Talk about it promptly with real playing and teaching experts. Do what it takes to 'Get Over Problems' and not just tolerate or manage them!

When you know and actually apply 'The 5 Set-Ups', 'The 5 Executions', 'The 5 Controls' and 'The 5 Essential Elements' as well as our several other primary operational rules, (easy to understand and learn) you shall be on your defined path to improvement.

Do YOU deserve that readily available opportunity?

Darn right you do!

"Welcome Aboard!"
