

555 Faults & Fixes

‘PERFORMANCE EXCELLENCE’

ARMED WITH THE TOOLS

Your ‘555 Team’ approach to ‘**Faults & Fixes**’ is both very simple and highly predictable. Those are both good things in ‘Golf’ and ‘Life’!

You know that we strive to understand ‘Scientific Realities’ such as ‘**The Physics Of Rotation**’ and ‘**The Geometry Of The Circle**’. This material always applies.

There are aspects and elements that are ‘Consistent’ to every swing universally. ‘**The 555 System**’ includes a very comprehensive application and foundation of these.

Whenever we come up against a ‘Fault’, the ‘Fix’ relies upon our knowledge of ‘**The 5 SET-UPS**’, ‘**The 5 ESSENTIAL ELEMENTS**’ and ‘**The Five 555 CONCEPTS**’ which we call the ‘**Problem Solvers**’. Sounds like these three groups of five might be worthwhile noting as we get into yet another ‘Faults & Fixes’. Here they are!

‘The 5 SET-UPS’ ...

1) ‘Posture’, **2)** ‘Grip’, **3)** ‘Stance’, **4)** ‘Ball Location’ and **5)** ‘Alignment’.

‘The 5 ESSENTIAL ELEMENTS’ ...

1) ‘Clubface AIM’, **2)** ‘Clubhead PATH’, **3)** ‘Clubhead SPEED’, **4)** ‘Sweet Spot’ and **5)** ‘Angle Of Attack’.

‘The FIVE 555 PROBLEM SOLVING CONCEPTS’ ...

1) ‘The Golfing Machine Concept’, **2)** ‘The Tether Ball Pole Concept’, **3)** ‘The Balsa Airplane Concept’, **4)** ‘The Human Ratchet Set Concept’ and **5)** ‘The Dead Rope Concept’.

Equipped with these ‘**Three Groups Of Five**’, we can tackle any ‘**Mechanical Golf Issue**’ that arises in a logical and realistic manner. ‘**Faults & Fixes**’ will become second nature.

“Welcome Aboard!”

“Enjoy The Ride!”

POOR PUTTING

The above 'Intro' really tells you a great deal. Understand this material thoroughly and use it diligently. It is your 'Key To The Success Door'! Don't trek the nasty route!

'Putting Is The Simplest Stroke In The Game Of Golf'!

It is imminently important that you develop the simplest technique you can and use it loyally every single 'Stroke'. Do not frivolously change your 'Stroke Mechanics' as you might your underwear! **'Putting Is Distance, Direction & Green Reading'**. That is all!

'Poor Putting' comes from the failure to follow the 'Rules Of Science'.

You can easily figure out the 'Mechanical Basics' by reading the above information and applying it to your 'Putting'. One must also **'Master The Mind'!** Loving the skill helps!

You must accomplish 'Clubface AIM' precisely where you want to start the 'Ball Out Rolling'.

You must know the precise 'Ball Rolling Length', 'Line' and 'PATH'. Call it what you will.

You must 'Stroke The Ball On Line', meaning that, 'At The Moment Of Separation' that 'Blade Must Be Facing The Precise BRL or Ball Rolling Target'. If you have absolutely 'No Break' the 'BRL' is the same as the 'Target Line'.

You must have 'Steady Triangles'. Your 'Secondary Golf Engine' must be your 'Rocking Chair Shoulders' and no other 'Power Source'. You simply cannot utilize a 'Flip-Handed Release' and expect to be as 'Consistent' as you might like.

You must be 'Breathing Out While Your Clubhead Is In Motion'. This is so you can 'Release and Relax'! No other way!
