**'PERFORMANCE EXCELLENCE'**

## **THE PUTTING GATE DRILL**

Stick two long tees in the ground centered on each side of the 'Ball Rolling Line' 4 to 5 inches in front of your 'Putting Ball'. When you trigger and make your 'Putting Take-Away, Back & Up, "&" ('Transition Helper'), followed by 'Down & Out', your ball must roll through the 'Putting Gate' without contacting either tee.

Having this in mind, think about the function and importance of your 'Intermediate Target'.

To accomplish this drill challenge, your 'Mechanics and Trust Levels' must be quite high. Remember, to "See IT, Feel IT and Trust IT".

It is humbling to note that 50% of the 'Tour 5 Footers' are missed. You don't believe me? Note that this includes all the 145 to 170 contestants, top or bottom of the big board! The Flat Stick performance is not all that simple for even the best of us 'Out There'!

Sadly, making 100% of your 'Putts' will not lead and make you drink out of the 'Holy Grail Of Golf Cup'.

There is a lot more method and intellect required to master the entire procedural perspective!

Be realistic, logical and have FUN every minute of your 'Golf Activities'!

**"Welcome Aboard!"  
"Enjoy The Ride!"**

**SATISFACTION GUARANTEED**
