'PERFORMANCE EXCELLENCE'

REFLEX GOLFER

Once you learn or **'Master Golf Basics'**, you are capable of walking through a very wide open door to a lot of 'Pleasure'.

The 'PATH' to this enjoyment is through 'Mechanics' to 'Feel'. You cannot get lucky and accomplish this 'Process' in the opposite direction or sequence. You seldom learn 'Mechanics FROM Feel', unless you are very organized and intuitive.

Once you have earned the right to own and control 'Mechanics', you will be blessed by the resulting gift of 'Feel'.

This state of 'Golf Development' is called **'Remembered Feel'**.

Once you have a grasp on this asset and comprehend 'Course Management', you may take the next 'Grande Step Through The Door' your '555 Team' calls **'The REFLEX GOLFER Door'**. How good is that?

Having earned this special right, you can simply 'Look At The Target' ('Visualize'), 'Mentally Select The Appropriate Procedure From Your Shot Library', 'Pull The Right Stick' ('Component') 'Pre-Shot Routine' ('PSR') and 'EXECUTE'.

How good is this?
