‘WHERE PASSION MEETS PERFORMANCE’

CALIBRATE YOUR BAG

OK! What the heck is ‘C.A.D’? This stands for **‘Calibrated Average Distance’** and applies directly to your ‘Short Game’ and overall happiness on and perhaps off the course. **‘GREAT WEDGERS ARE GREAT PLAYING PARTNERS. BE ONE!’**

How many of you are certain how important it is to have absolute control of your ‘Wedge Distances’. If you need to propel a ‘Golf Ball’ a predetermined or measured 90 yards, what club might you use and how would you swing it? If you know you may score better. If you have this mastered, you do score better! Make your ‘#PW’ your ‘GO TO’ club!

My smooth ‘Full Swing Sand Wedge’ makes the ‘Ball Go Away’ about 120 yards. Getting older now! If I want to make the ‘Ball Go Away’ five yards less (115 yards) all I would do is ‘Take A Little Off It’. So what does that mean? Well when I make my smooth ‘Full Swing Wedge’ to 120 yards, I exert or apply what I have come to know as ‘Smooth But Powerful Brace Leg Drive’. If I want 5 yards less, I reduce the **‘Brace Leg Drive Pressure’ (‘BLDP’)** just slightly. I call it ‘Softened’. If I want to add about 5 yards out to about 100 yards, I add a little more and call it ‘Firmed’.

Notice the **‘Primary Engine of the Full Golf Swing is the Brace Leg Drive’**. It is absolutely responsible for all the ‘Lower Body Machine’ (‘LBM’) ‘Round & Round MOTION’. If you desire to move the ‘Clubhead Horizontally’ the ‘LBM’ produces all the ‘Motive Force’ and makes it happen exclusively. The ‘Hands and Arms’ DO NOT contribute to the production of any ‘Horizontal Motion’. Their contribution is to the exclusive production of the ‘Vertical Motion’ or all the ‘Up & Down’. Learn this and get to know its ‘FEEL’ and you are well on your way to ‘Better Golf’.

If you make one good, consistent ‘Full Swing’, over and over, every day, you can accomplish even more ‘Simple Golf Magic’ with all your long, medium and short-shafted clubs. ‘Consistent Distances’ with every club in your bag, you can ‘Calibrate’ a winning arsenal. Do the math on any hole! All you have to do is make ‘Proper Pre-Selections’ and then ‘Chip or Putt’.

**“Welcome Aboard!”
“Enjoy The Ride!”**
