'PERFORMANCE EXCELLENCE'

WHY DO WE OFFER MORE VALUE? than any of our competitors

The 'Airline Brief – Teach – DeBrief' system has proven professionally effective, over and over, in my flying career. Where 'Life & Death' are prominent considerations, where executed safety is really not an option, we use this logical system every flight, without exception. It also works splendidly in our golf lives, creating 'Confidence, Comfort and Consistency!' ('The 3 Cs') It is kind of our 'Charlie Brown Security Blanket' ... Never let you down!

Our 'Pre Flight Routine' sets the stage for endless safe discipline in the cockpit.

Our 'Pre Shot Routine' sets the stage for absolutely reliable performance on the grass!

Why is '555 Golf Brief – Teach – DeBrief' such a value? It triples our exposure to the 'Primary Elements', which are the core components of the lesson. Here they are! 1) We have some classroom time that identifies today's 'Mission'. 2) The actual 'Lesson' takes place. 3) Then we conclude the day with another short classroom discussion and summary of what we learned.

There is a fourth terrific asset your '555 Team' provides. 4) Remember we give you written notes to keep in your '555 Golf 3 Ring Binder'. Where else do you get an 'Archive' from any golf instructional person? Sort of a '4 Kicks At The Cat' remembering routine!

You and I take this golf seriously. So we act like it! We accurately practise our lesson content.

Our activities and discipline accomplish '555 Permanent Improvement' ... our promise to YOU.

Remember, you can always call your '555 Certified Teaching Professional' with questions! Have you subscribed to 'The 555 Newsletter'? If not, **"DO IT NOW!"** at www.555golf.com
