'PERFORMANCE EXCELLENCE'

YOU WANT MORE SUCCESS?

How important is 'Impact'?

How can we improve our 'Impact & Separation Zone' performance?

The 'Impact & Separation Zone' ('I&S') consists of the 'Clubhead Travel' over the last couple feet of your 'Down, Out, Forward & Through Swing'. It is 'The Moment Of Truth' ... what your '555 Team' refers to as 'Swing Sequence #8 and #8a' ... the 'Impact & Chase Segments'. Very little is more important in your golf mechanics! One must 'Master These Basics'!

What single 'Stroke' happens within this rather short 'I&S Swing Segment'?

'Putting & Chipping' of course!

So, being both smart and logical, we MUST perfect both of these procedures in order to be efficient, proficient and happy!

If you can make a solid 'Chipping Motion', all you have to do is extend your 'Back & Up Swing' a little and you will achieve a 'Bump & Run' shot ... and then, with slightly more 'Clubhead Travel Distance' and acceleration, you will own a 'Knock Down Shot'. This simple progression makes pure 'Golf' happen for YOU!

Once you master the '#8 Iron Punch Shot' ('Abbreviated Full Swing') you shall become a 'Golfer' who people seek out as a playing partner! Once you get 'Control Of Your Clubface Aim At I&S' you shall be known for your 'Simplicity and Consistency'!

How cool is that?

Enjoy!

"Welcome Aboard!"

"Enjoy The Ride!"
