'PERFORMANCE EXCELLENCE'

YOUR CLUTCH

connects you to the grass

Your two wheel drive pick-up truck, with a standard transmission, has a 'Clutch'. This device consciously and mechanically connects the engine to the transmission when it is up and not stepped on ... not pressed down to its stroke bottom or to the floor. When stepped on, it is disconnected. YOU are not going anywhere!

Your 'Clutch' enables 'Power' getting through the transmission, down the drive line to the rear differential ('Rear End'), across the axles to the rear wheels and tires ultimately to the road surface.

In our own 'Human Way', we too have a 'Clutch' of sorts. We cannot get our 'Power' to the ground unless we load and release our human 'Clutch'.

Our 'Human Clutch' is our 'Brace Big Toe Pressure'. It stimulates our 'Lower Body Machine Motive Force' allowing it to 'Accumulate, Load and Store' 'Potential Energy'. This means we can wind up the 'Human Body Rubber Bands' so it can do work in the form of 'Brace Leg Drive' and ultimately 'Clubhead Speed'. (see 'Pivot Pressure')

If you 'Raise Your Brace Big Toe' up and off the ground, you shall develop no 'Ground Resistance' and thus no 'Thrust' and 'Pivot Pressure'. That is a 'Go Nowhere' situation.

You already know that the only procedures that require NO 'Pivot Pressure' are 'Stage 1' and 'Stage 2' ... 'Putting, Chipping and small 'Bump & Runs'. You know your 'Staging' right? If not, call your very own 'Personal Certified Teaching Professional' and 'AskUs!'

YOU DON'T HAVE ONE?

Go to www.555golf.com and click on the 'Club House Basic Membership' button. You will get lots of good information ... FREE. Want more? Join the 'Premium Membership'. Want to put a pro 'On Retainer', join the 'Inner Circle'! This is where 'Players' hang out. You will make great friends!

May I make a suggestion? Hang out with golfers who are better than you! Then you shall learn from them and improve along your 'Journey' ... often free! "If you hang out with dogs, you will just get fleas!"

"Welcome Aboard!"

"Enjoy The Ride!"
