‘WHERE PASSION MEETS PERFORMANCE’

ZERO BREAL OR FALL LINE DRILL

Putting & Chipping

We need to keep in mind at all times that, **‘Putting Is The Simplest Stroke In The Great Game Of Golf’**; that **‘You Do Not Have To Be Athletic To Be A Great Putter’**; that **‘Putting May Be As Much As 50% Of All The Stroke On Your Card’** and that **‘All Putts Are Dead Straight’**. They may not be ‘Dead Flat’ but they are ‘EXECUTED Along An Initially Dead Straight Delivery Line’ and ‘Mother Nature’ tends to the curvature.

‘Putting Is The Foundation Of Your Short Game Success’! Remember, your ‘Short Game’ comprises **75%** of all the strokes on your card! So much for the critical nature of the remaining 25%! If you are 75% sound, you can likely get yourself around the pitch in reasonably good order! You will not be embarrassed! That is for sure!

If the premise that **‘All Putts Are Dead Straight’** is accepted, than we should logically practice ‘Dead Straight Putts’ at all opportunities! Find a ‘Dead Flat’ area on your practice green on which to practise. Work that skill at all cost! If you can make ‘Dead Straight Putts’ in your sleep, if you can become washed in growing ‘Confidence’, then all there is remaining in your ‘Dance Floor Samba’, in your balletic repertoire, surely admired by all, is to learn how to **‘READ GREENS’**.

If you **‘Master The Dead Flat Putt’** you shall know what it is to make purely ‘Un-Manipulated Strokes’! They always work!

When you are faced with any ‘Putt That Is NOT Dead Flat’, the first task is to locate the **‘Zero Fall Line’**. “What the heck does that mean?” you ask.

Every ‘Putt’, regardless of it complexity, has a ‘Dead Straight’, even though perhaps not ‘Dead Flat’ (‘Slope’), **‘Ball Rolling PATH & LINE’** (‘BRL’) Thus, every ‘Putt’ has a line somewhere in the ‘Circular Stage’ that will roll ‘Dead Straight’ even though up or down hill.

In your ‘Pre Shot Routine’ (‘PSR’), it is very useful to factually and firstly **‘Locate This Zero Fall Line’**. Once you’ve got this, you have a powerful ‘Reference Line’ on which to build all your ‘7 Step Routine Data’. Make this information, this skill into a ‘Bullet-Proof Drill’ right now!
